

Warcraft I Tasks, Scenario Novice

The computer will be set up for you with a scenario for Warcraft I. During the course of this evaluation feel free to consult the on-line help functions or the game manuals that are available if you have any questions. The experiment administrators will try not to interfere unless you get stuck.

Please un-pause the program and perform the following tasks in order. While performing the tasks, please talk about what you are thinking, so we can get an idea of the troubles you are having. Have fun!!

Tasks

1. Train a new peasant.
2. Move one of the peasants to the lower right corner of the game map.
3. Move the peasant back near the town hall.
4. Build a barracks.
5. Train two footmen.
6. Destroy the Orc village on the left side of the game map using both footmen.

Warcraft I Tasks, Scenario Advanced

The computer will be set up for you with a scenario for Warcraft I. During the course of this evaluation feel free to consult the on-line help functions or the game manuals that are available if you have any questions. The experiment administrators will try not to interfere unless you get stuck.

Please un-pause the program and perform the following task. While performing the task, please talk about what you are thinking, so we can get an idea of the troubles you are having. Have fun!!

On the left hand side of the game map there is a small Orc village. Several Orcs defend it. Crush your enemies by slaying all of the Orcs and razing all of the buildings.
